

EireneRx was designed to provide prescribers with comprehensive PACE clinical decision-support components, based on both evidence and patient-specific information. We are excited that EireneRx is now an all-encompassing e-prescribing solution for our PACE partners.

NPA & A Night at the Museum!

CareKinesis extends a warm congratulations to the [National PACE Association](#) for hosting another successful annual conference!

Because the 2015 conference was in our home city, Philadelphia, many of our PharmDs and CPhTs met the PACE partners they've known and supported for years. And we were proud to showcase our clinical pharmacist experts at two "Pharmacy Topics" educational sessions.

Thanks to all of you who attended our PACE appreciation dinner, "A Night at the Museum." Here's a link to [the CK video](#) we showed that night. And, in case you missed them, check out our [exhibit booth](#) and [poster presentation!](#)

Upcoming Educational Webinars

[EireneRx 101](#)

November 12 @ 1pm ET

[Drug-Drug Interactions and Pharmacogenomics in the Elderly](#)
